Valued Customers,

We are in the process of replacing our old technology with a new system.

You will require a User Number (supplied by Robertson Bulk Sales) and a PIN (which can be personalized when calling for your User Number). No cards or keys will be needed to activate the pumps for the new system, only your User Number and PIN is required.

There is a \$30.00 set-up fee for the new system. Set-up fee will be waived to all customers that return their existing keylock key, if you do not return your key you will be charged the set-up fee. We will have a lock box on the site to facilitate the key return.

Once the new system is up and running. Please print your name and key position on the envelope provided, and drop it in the lock box.

Please fill out the forms that were emailed to you and either drop them off at 635 Lakeside Drive at Little Bow Resort or email them to Ross Clements.

Email: rossclem@telusplanet.net
Phone: 403-969-1435

Ross will confirm your membership in the fuel coop and forward to Robertson. Please call Bruce at 1.800.661.3590 at minimum two days after submitting the attached form to obtain your user number and PIN.

We would like to take this opportunity to thank you for letting Robertson Bulk Sales Ltd. be your bulk oil and fuel supplier of choice.

Our goal is to provide superior products delivered with superlative service.

Thank you for being a loyal customer of Robertson Bulk Sales Ltd.
