

## **New high speed Internet provider available at Little Bow Resort**

True Solutions is a high speed, low cost internet provider operating out of Champion, Alberta. He has installed some equipment on the roof of the Water Treatment Plant that will allow him to provide high speed internet service to the Resort. If you are interested in subscribing to his services then visit his website at [www.truesolutions.co](http://www.truesolutions.co) or see the contact information provided below. A number of the residents of the Resort have already switched to the new service and are very pleased with the result.
